

## **Session Program**

**Jun 5 - 6, 2025**

# **Swiss Cosmology Days 2025 - ETH Zurich**

## **H0 Measurement**

ETH Zurich, Siemens Auditorium (HIT E 51)  
Wolfgang-Pauli-Strasse 27 HIT Building CH-8093 Zürich

## Thu, June 5

2:00 PM

### H0 Measurement

**Session** |**Location:** ETH Zurich, Siemens Auditorium (HIT E 51), Wolfgang-Pauli-Strasse 27 HIT Building CH-8093 Zürich

14:00 - 14:15

**Opportunities and challenges in analyzing 10'000 gravitational lenses to shed light on dark matter and dark energy****Speakers**

Simon Birrer, Simon Birrer

14:15 - 14:30

**TDCOSMO 2025: Cosmological constraints from strong lensing time delays****Speaker**

Martin Millon

14:30 - 14:45

**A consensus measurement of the local expansion rate of the Universe****Speaker**

Richard Anderson

2:45 PM
